Sir,

I have the honour to state that there are three.
Medical Institutions under the Board and the expenditure
on the Ministerial and other establishment in all the
three is in excess of the maximum prescribed in G.O.No.
1778 L.M.. dated 16-5-32 as interpreted in Government -
Memorandum No.28764-1 D-2.P.H., dated 13th August 1932. -
A statement showing the expenditure admissible and the
actual expenditure incurred is annexed to this letter.
The matter was placed before the Taluk Board and a copy

of its resolution to address Government to sanction the excess expenditure is herewith submitted.

2. The daily average attendance of patients in the three institutions exceed 30, which is the minimum limit fixed for a medical institution and the expenditure incurred on the medical subordinates is the minimum possible. The Beltangady Hospital and Sullia Dispensary are run without ~~a~~ scavengers and cooks ^{who} ~~which~~ are indispensable and the Kadaba Dispensary has only the medical officer and an attendant without compounder ~~and~~ ^{or} mid-wife. It is therefore evident that any further reduction in the staff which is even now below the minimum required or a cut in their pay -- which is below the rate fixed by Government, is not feasible. --

3. I request therefore that the Government may be pleased to sanction the expenditure incurred by the Taluk Board exceeding the prescribed limit as seen in the annexure.

Reference:-- Government Memorandum No. 41192-1-D2 P.h.,
dated the 3rd October 1932.

It is not possible to keep down the expenditure on
Medical Establishments in the Puttur Taluk Board within the
limits fixed by Government in G. O. No. 1778 L. & M., dated
16th May 1932 either by effecting a reduction in the strength
of the staff employed in any of the three dispensaries or by
closing one of them. Each of these dispensaries has just the
minimum staff required for running it and as there are no other
medical

medical institutions to render medical aid within a radius of 10 to 15 miles the possibility of closing one of the three dispensaries cannot also be considered. In the circumstances, I recommend that the excess expenditure (over the permissible limit) incurred by the Taluk Board may be regularised.

The enclosures received with the memorandum under reference are herewith returned:
